

## **General Terms and Conditions**

### **of Mediworld Radiológiai Ltd. for the Provision of Private Healthcare Services**

These General Terms and Conditions (the “GTC”) set out the terms and conditions governing the legal relationship between Mediworld Radiológiai Ltd. (registered office: 1065 Budapest, Podmaniczky utca 1-3, 2nd floor, Door 19), as healthcare service provider, and its individual clients, and define the fundamental rights and obligations of the parties throughout the term of their contractual relationship.

#### **Details of the service provider**

The healthcare service provider applying these GTC is Mediworld Radiológiai Kft.

Registered office: 1065 Budapest, Podmaniczky utca 1-3, 2nd floor, Door 19

Tax number: 25070196-2-42

Company registration number: Cg. 01-09-197994

Represented jointly by: Dr. Fábián Károlyné Dr. Derényi Anita and Olajos Andrea, Managing Directors

#### **1. Terms**

1.1. Service Provider: Mediworld Radiológiai Ltd.

1.2. Client: Any natural person client of the Service Provider who intends to use any of the services provided by the Service Provider.

1.3. Parties: The Service Provider and the Client collectively.

1.4. Service: Any medical examination or healthcare intervention provided by the Service Provider and ordered by the Client by entering into an Individual Agreement.

1.5. Individual Agreement:

1.5.1. Where the Agreement is concluded in writing, the Informed Consent Form completed and signed by the Client shall also constitute the Individual Agreement.

1.5.2. Where the Agreement is concluded electronically, the appointment booked by the Client shall also constitute the Individual Agreement.

1.5.3. Where the Agreement is concluded by conduct implying acceptance, no separate Individual Agreement shall be required; instead, the Client shall express their intention to enter into the Agreement by demonstrably using the Service, thereby engaging in conduct implying acceptance. Where the Agreement is concluded by conduct implying acceptance, the Service Provider shall, at the Client's request, make the GTC available to the Client if the GTC were not made available prior to the conclusion of the Agreement.

1.6. Informed Consent Form: A declaration pursuant to Section 15 (3) of Act CLIV of 1997 on Health (the “Health Act”).

1.7. Agreement: The GTC and the Individual Agreement, or, as applicable, the demonstrable use of the Service by conduct implying acceptance, collectively constituting the provisions governing the legal relationship between the Parties.

## **2. Scope, Application and Amendment of the GTC**

2.1. These GTC shall apply to the legal relationship between the Service Provider and the Client acting as a private individual.

2.2. These GTC set out the rights and obligations of the Parties in connection with the Services.

2.3. The conditions applicable to the use of the Services are set out in the sections entitled “Diagnostics”, “Specialist Medical Services” and “Prices”, as amended from time to time, available on the website [www.margitmedical.hu](http://www.margitmedical.hu).

2.4. The agreement between the Parties shall consist collectively of the Individual Agreement or, as applicable, the demonstrable use of the Service by conduct implying acceptance, together with these GTC. In the event of any discrepancy between the Individual Agreement or the demonstrable use of the Service by conduct implying acceptance, on the one hand, and these GTC, on the other hand, the provisions of these GTC shall prevail.

2.5. The Client expressly acknowledges that the Service Provider may amend the provisions of these GTC unilaterally at any time. The Service Provider shall publish the amended text of the GTC on its website ([www.margitmedical.hu](http://www.margitmedical.hu)) at least 5 calendar days prior to the date on which the amendment enters into force. At each of its service locations, the Service Provider shall ensure that Clients have access to the GTC in paper form or in an equivalent electronic format. The amended GTC shall not affect Agreements concluded prior to the amendment.

2.6. The Client shall be entitled to request that the invoice issued for the consideration payable for the Service be made out not in the Client’s own name but in the name of another person or entity, in particular, but not exclusively, for the purposes of financing through a private health fund.

2.7. Where the invoice issued for the consideration payable for the Service is made out in the name of a company, the Client shall nevertheless remain the contracting Party. The company named on the invoice shall participate in the legal relationship solely as the party bearing the costs, and the Client shall therefore remain bound by the provisions of these GTC.

## **3. Rights and Obligations of the Parties**

3.1. The Agreement shall be concluded upon the Client completing and signing the Informed Consent Form, or, in the case of an appointment booking, upon the Service Provider sending the confirmation email. If the Client uses the Service, the Service Provider shall deem the Client to have read and acknowledged the provisions of the GTC, accepted them and agreed to be bound by them.

3.2. In performing the Agreement, the Service Provider shall act with the utmost professional care and with due regard to the interests of the Client. The Service Provider shall perform its duties with the level of care expected from a professional experienced in the relevant field of healthcare services and shall be responsible for compliance with the applicable laws and regulations.

3.3. The Service Provider shall take all steps that may reasonably be expected of it to ensure compliance, in the course of providing care, with the requirements laid down by law and with any other applicable professional standards.

3.4. The Service Provider and the Client shall cooperate with each other and keep each other mutually and continuously informed in accordance with these GTC in order to ensure the lawful

performance of the Agreement. The Parties shall notify each other in due time of any fact or circumstance material to the performance of the Agreement, in particular where such fact or circumstance may affect the timing or quality of performance. In view of the nature of the Service, the Parties shall comply with all applicable medical professional requirements and standards in connection with the performance of the Agreement and shall endeavour to establish an appropriate doctor-patient relationship. For the purposes of ensuring compliance with this Clause, the Service Provider shall make the provision of the Service conditional upon the Client signing the Informed Consent Form, both where the Agreement is concluded in writing and where it is concluded electronically.

3.5. The Service Provider shall act with due regard to the protection and promotion of the Client's interests and shall endeavour to take the Client's needs into consideration; however, the Service Provider shall primarily provide its Services in accordance with the applicable sector-specific legislation and the rules and professional standards governing healthcare services. If the Client makes any request or expresses any need in connection with the use of the Service that is impractical or whose implementation is not justified, the Service Provider may, having regard to the applicable medical professional requirements and standards, refuse such request without providing reasons. If the Client's request or expressed need would endanger the health of the Client or of others, or if its implementation would be contrary to any applicable law or regulatory decision, the Service Provider shall be required to refuse it.

3.6. The Client shall provide the Service Provider, upon request and by the deadline specified by the Service Provider, with all data and information necessary for the provision of the Service forming the subject matter of the Agreement. In the course of cooperating with the Service Provider, the Client shall provide true and accurate information, make declarations reflecting their actual state of health, and complete the Informed Consent Forms relating to the Service accurately and truthfully. The Client shall be liable for any and all damage arising from the late provision of data or information, or from the provision of false or inaccurate data or information.

3.7. The Client acknowledges that, in order to use the Services, the Client must present a valid identification document prior to the commencement of the Service (e.g. identity card, passport or driving licence). If the Client refuses or is unable to verify their identity, the provision of the Service may not commence.

3.8. Given that patient care is provided continuously at the Service Provider's service locations, the commencement of the Service may be delayed compared to the appointment time specified in the Confirmation. The Client shall not be entitled to any compensation as a result of the delayed commencement of the Service.

3.9. In view of the nature of the activities carried out by the Service Provider and by the physicians or other persons engaged by the Service Provider in the provision of the Services, the Service Provider notes that, in certain unforeseen circumstances, the physician or other member of staff designated to provide the Service may be unable to attend to the Client at the pre-arranged appointment time.

In such event, the Service Provider undertakes to contact the Client without delay, using one of the contact details provided by the Client, upon becoming aware that the designated physician or other member of staff is unavailable, and to inform the Client — at the latest, at the service location at the agreed appointment time — of such unavailability and whether the Service Provider is able to arrange for a substitute physician or other member of staff at the agreed appointment time. If the Service Provider is unable to arrange for a substitute physician or other member of staff, it shall be entitled to agree on a new appointment time with the Client. The Client shall not be entitled to any compensation as a result of the rescheduling of the appointment for the reasons set out above. If, for any reason, the Parties are unable to agree on a new appointment time, either Party may withdraw from the Agreement without any further obligation.

3.10. The Service Provider shall be entitled to engage subcontractors and other contributors for the purpose of performing the Agreement, subject to compliance with the provisions of Government Decree No. 96/2003 (VII. 15.) on the General Conditions for the Provision of Healthcare Services and the Operating Licensing Procedure. The Service Provider shall assume full responsibility for the subcontractors and other contributors engaged by it, meaning that the Service Provider shall bear professional liability towards the Client for the activities of such subcontractors and other contributors.

3.11. The Client acknowledges that any subcontractors or other contributors engaged by the Service Provider are themselves healthcare service providers and may therefore also be affected by unforeseen delays. If, in the course of providing a particular Service, the Service is delayed as a result of the unavailability or delay, for any reason, of a subcontractor or other contributor engaged by the Service Provider, the Service Provider shall not incur any liability in respect thereof, unless otherwise provided by applicable law.

3.12. The Client acknowledges that the Service Provider may establish additional rules and conditions applicable to the provision of the Services (for example, specific dietary requirements prior to the Service, or a prohibition on alcohol consumption or smoking prior to the Service), which may vary depending on the particular procedure. If the Client fails to comply with any such rule or condition and, as a result, the Service cannot be provided or proves ineffective, the Service Provider shall not be liable therefor.

3.13. The Client shall attend in a physical and mental condition suitable for receiving the Service and shall cooperate with the Service Provider and comply with its instructions. If the Client fails to comply with the obligations set out in this Clause (for example, if the Client attends the service location under the influence of alcohol or other intoxicating substances, if the Client's state of health does not permit the provision of the requested Service, or if the Client fails to comply with the Service Provider's house rules), the Service Provider shall be entitled to refuse to provide the Service. In such case, the failure to perform shall be attributable to the Client, and the Client shall bear any and all further consequences arising therefrom.

3.14. The Client shall comply with the applicable laws and regulations and with the Service Provider's rules of operation when using the Service. The Client shall cooperate in the provision of the Services with the Service Provider and, as applicable, with its subcontractors, other contributors, physicians and other employees. Failing such cooperation, the Service Provider

shall be entitled to refuse to provide the Service, and the Client shall bear the consequences arising therefrom.

#### **4. Liability**

4.1. The Client uses the Services provided by the Service Provider of their own free will and acknowledges that each Service involves a certain degree of medical risk, which shall in all cases be borne by the Client.

4.2. The Client acknowledges that the effectiveness of the Service used by the Client, the Client's physiological response, and the recovery period may vary from those of other Clients due to unforeseeable factors. If the outcome of the Service used by the Client falls short of the expected or average result, or if the Service proves entirely ineffective, the Service Provider shall not be liable.

4.3. The Service Provider excludes liability for any consequences or complications arising from the Client's breach of their obligations or from the Client's failure to comply with the instructions of physicians or other employees involved in the provision of care in relation to recovery or medical treatment, including where the Client fails to take prescribed medication, takes such medication other than in accordance with the medical prescription, fails to follow the prescribed therapy in accordance with medical instructions, or fails to attend follow-up examinations or other necessary aftercare, or does not attend them with the prescribed frequency.

4.4. The Service Provider excludes liability for any consequences arising from the Client providing the Service Provider with incorrect or false information concerning the Client's state of health. The Client acknowledges that, given the medical nature of the Service, it is of particular importance that the Service Provider obtain an accurate and complete understanding of the Client's state of health, including, in particular, any known allergies to medication, relevant medical history, lifestyle factors, and whether the Client is undergoing any other medical treatment.

4.5. The Client expressly acknowledges that, except in cases of damage caused intentionally or damage resulting in injury to life, physical integrity or health, the Service Provider limits its liability for damages to the amount of the fee paid by the Client for the Service used.

4.6. The Service Provider excludes liability for any damage to the Client's valuables that patients would not ordinarily bring with them to healthcare facilities (including, in particular, cash exceeding the amount normally carried, securities, jewellery, and any other property not required for the use of the Service). In addition, the Service Provider excludes liability for any damage to valuables that have not been placed in a location specifically provided or designated for the safekeeping of valuables.

#### **5. Warranties**

5.1. The Service Provider warrants that, in performing its obligations under the Agreement, it shall act in accordance with the applicable laws and regulations, in full compliance with the relevant professional and ethical rules and guidelines, and with the highest degree of care reasonably expected of it. The Service Provider holds all licences and permits required for the provision of its services and satisfies the personnel and material requirements prescribed by the

applicable healthcare legislation. The Service Provider further represents and warrants that each of its service locations holds all licences and permits necessary for carrying out its activities.

5.2. The Service Provider represents that it maintains adequate liability insurance in respect of its activities, which also covers the subcontractors and other contributors engaged by it.

## **6. Fees**

6.1. The Client shall pay the fee specified in the “Prices” section, as amended from time to time, available on the website [www.margitmedical.hu](http://www.margitmedical.hu), for the Service used under the Agreement.

6.2. The Client may obtain information in advance regarding the fees for the Services based on the information published on the Service Provider’s website or by telephone. The Service Provider shall also make its price list available at its service locations in both paper and electronic form. The Client acknowledges that there may be differences between the Service Provider’s list prices and the prices actually payable for the Services, as the Service Provider may offer discounts from time to time.

6.3. The fee ultimately payable may differ from the fee initially indicated if, in the opinion of the physician directly providing the Service, an additional examination or further medical care becomes necessary. The Client shall be appropriately informed orally of any costs exceeding the specified fee.

6.4. In respect of all Services, the Service Provider shall make the booking of an appointment conditional upon full advance payment of the service fee. In the case of advance payment, the service fee shall be paid online by bank card exclusively in Hungarian forints. If the payment transaction is unsuccessful, the Client’s appointment booking shall not be completed. By using online bank card payment, the Client expressly accepts the data transmission declaration set out in Clause 9.3 of these Terms and Conditions. The Service Provider shall take the amount paid in advance into account when determining the amount payable following the examination and shall credit such amount against the final amount due.

6.5. The Service Provider shall issue an electronic invoice to the Client and send it to the email address previously provided by the Client. The Client expressly consents to the Service Provider issuing an electronic invoice and undertakes to download the invoice from the email sent by the Service Provider in connection therewith. The electronic invoice shall constitute an electronic accounting document.

6.6. Payment of the fee payable for the Service after the Service has been provided, as well as payment by bank transfer at a later date, shall only be permitted under a separate agreement and subject to the Service Provider’s prior approval.

6.7. If the Client has paid the fee for the Service in advance by online bank card payment and has notified the Service Provider of their intention to cancel within the time limit specified in Clause 7.3, the amount paid in advance shall be refunded to the bank account from which the payment was made.

6.8. The Client acknowledges that the Services provided by the Service Provider under these GTC are entirely independent of publicly funded social security healthcare services and that, under these GTC, the Service Provider provides private healthcare services exclusively.

## **7. Breach of Contract and Contractual Penalty**

7.1. If the Client breaches any obligation set out in the Agreement, the Service Provider shall be entitled to suspend or withhold performance until the Client ceases the conduct constituting the breach.

7.2. If the Client fails to attend at the booked time and location and has not cancelled or rescheduled the appointment in due time in accordance with the provisions below, the Client shall be required to pay a contractual penalty as specified in these GTC. However, at its sole discretion, the Service Provider may exempt the Client from the obligation to pay the contractual penalty on equitable grounds.

7.3. If the Client notifies the Service Provider of their intention to cancel or reschedule the appointment within 72 hours prior to the booked appointment time, the Client shall be required to pay, as a contractual penalty, 100% of the fee specified in the price list in force from time to time and available on the website [www.margitmedical.hu](http://www.margitmedical.hu).

7.4. If the Client attends in a physical or mental condition unsuitable for receiving the Service, fails to comply with the Service Provider's house rules, or refuses to cooperate with the Service Provider and, as a result, the Service cannot be provided, the Client shall be required to pay 50% of the fee specified in the price list in force from time to time and available on the website [www.margitmedical.hu](http://www.margitmedical.hu), as a contractual penalty for non-performance.

7.5. If the Client arrives significantly late for the booked appointment, the Service Provider may refuse to provide the Service. In such case, the Client shall be required to pay 50% of the fee specified in the price list in force from time to time and available on the website [www.margitmedical.hu](http://www.margitmedical.hu), as a contractual penalty for non-performance. A delay of 10 minutes or more shall be deemed significant.

7.6. The Client shall notify the Service Provider of their non-attendance using one of the contact details specified on the website [www.margitmedical.hu](http://www.margitmedical.hu).

7.7. If the Client notifies the Service Provider of their non-attendance at least 72 hours prior to the booked appointment time, the Service may be cancelled free of charge and without any obligation to pay a contractual penalty.

7.8. The Client shall be exempt from the obligation to pay the contractual penalty if the Client can conclusively prove that their failure to attend the scheduled appointment for the Service was due to illness or accident.

7.9. If the Client attends the booked appointment but, of their own volition, decides not to use the Service, the Client shall be required to pay a cancellation fee equal to 50% of the fee applicable to the relevant Service from time to time, as specified on the website [www.margitmedical.hu](http://www.margitmedical.hu).

7.10. In justified cases, the Client shall be entitled to reschedule the booked appointment once free of charge, provided that the Client notifies the Service Provider of the request to reschedule at least 72 hours prior to the booked appointment time, using one of the contact details specified on the website [www.margitmedical.hu](http://www.margitmedical.hu). If the Client fails to attend the rescheduled appointment, the Client shall be required to pay the contractual penalty specified in Clause 7.3 of these GTC.

7.11. The Service Provider shall be entitled to set off the amount of the contractual penalty against the service fee.

## **8. Complaint Handling**

8.1. The Client may submit any complaints or claims that may arise at the Service Provider's premises, by post or electronically.

8.2. The Service Provider shall accept complaints and claims relating to the services provided by it from the Client, the Client's authorised representative or legal representative.

8.3. The Service Provider shall investigate written complaints and provide a substantive response within 30 days.

## **9. Data Processing**

9.1. The Service Provider shall process the health data and personal identification data generated in connection with the Services provided under the Agreement in accordance with the legislation in force from time to time, including, in particular, Regulation (EU) 2016/679 of the European Parliament and of the Council (the "GDPR"), Act CXII of 2011 on Informational Self-Determination and Freedom of Information (the "Info Act"), and Act XLVII of 1997 on the Processing and Protection of Health and Related Personal Data (the "Health Data Act").

9.2. The Service Provider's Privacy Notice is available on the website [www.margitmedical.hu](http://www.margitmedical.hu).

### **9.3. SimplePay Data Transfer Declaration**

I acknowledge that, when initiating a bank card payment, the following personal data relating to me and stored in the user database of <https://idopontfoglalas.margitmedical.hu> by Mediworld Radiológiai Kft. (registered office: 1065 Budapest, Podmaniczky utca 1-3, 2nd floor, Door 19), as data controller, will be transferred to SimplePay Zrt. (1138 Budapest, Váci út 135-139, Building B, 5th floor), as data processor.

The categories of data transferred by the data controller are as follows: name, residential address, telephone number and email address.

The nature and purpose of the data processing activities carried out by the data processor are described in the SimplePay Privacy Notice, available at the following link:

<https://simplepay.hu/adatkezelesi-tajekoztatok/>

## **10. Force Majeure**

10.1. Neither Party shall be liable to the other Party for any delay or failure in the performance of any obligation where such delay or failure results from any cause, circumstance or unavoidable event beyond the control, actions or person of the Parties, including, without limitation, war, civil unrest, industrial action, natural disaster, pandemic, any physical or legal impediment affecting the Service Provider, or any other unavoidable emergency, provided that such circumstances arise after the conclusion of the Agreement or, although they existed prior to the conclusion of the Agreement, their consequences affecting the performance of the Agreement were not reasonably foreseeable at that time (a "Force Majeure Event").

10.2. A Force Majeure Event shall relieve the Parties from the performance of their obligations under the Agreement to the extent that such Force Majeure Event prevents the affected Party from performing its contractual obligations. Such relief shall apply only for the period during which the effects of the Force Majeure Event continue.

10.3. The Parties agree to notify each other without delay of any Force Majeure Event resulting in the non-performance or improper performance of the Agreement for reasons not attributable to them, and to cooperate with each other reasonably and to the extent justified in order to mitigate or remedy the consequences thereof.

10.4. The Party affected by a Force Majeure Event shall notify the other Party in writing without delay, but in any event no later than within 30 days, specifying in such notice the commencement, nature and, where possible, the expected end of the Force Majeure Event.

10.5. A Force Majeure Event shall not, in itself, release the Party invoking it from any obligations under the Agreement that had already fallen due prior to the occurrence of the Force Majeure Event or the performance of which is not affected by the Force Majeure Event.

## **11. Contact and Communication**

11.1. In connection with the performance of their obligations under the Agreement, the Parties may communicate with each other using the contact details set out below.

11.2. Unless another direct email address or telephone number is provided to the Client in the course of performing the Agreement, the Client may contact the Service Provider and make declarations relating to the Agreement in writing via the website [www.margitmedical.hu](http://www.margitmedical.hu) or by telephone at +36 1 998 0000, operated by the Service Provider.

11.3. When ordering the Service to be used, the Client shall provide a telephone number and email address suitable for communication with the Service Provider. The Service Provider may make declarations relating to the Agreement using the contact details provided by the Client. The Service Provider shall not be liable for any damage or other consequences arising from the Client having provided an incorrect telephone number or email address, or from the Client being unavailable.

## **12. Patient Rights Information**

12.1. Act CLIV of 1997 on Health (the “Health Act”) sets out fundamental rights aimed at protecting the interests of patients, the observance of which is afforded particular attention by the Service Provider. The patient rights most relevant to the Agreement are highlighted below.

12.2. The Client shall have the right to self-determination, including the right to decide whether to use a particular healthcare service and whether to consent to specific medical interventions.

12.3. The Client shall have the right to receive appropriate, individualised and comprehensive information regarding their state of health, the Service they intend to use, its expected outcome, possible side effects and any further medical interventions that may be required. The Client shall have the right to know the names, positions and professional qualifications of the persons directly involved in their care. The Client shall have the right to ask questions both during and after the provision of such information.

12.4. The Client shall be entitled to access their medical records and to request the supplementation or correction of any part thereof that the Client considers incomplete or inaccurate. The Client shall be entitled to request a copy of their medical records and a written summary opinion regarding their health data.

12.5. The Service Provider shall ensure access to images produced in the course of diagnostic imaging procedures by uploading to the Electronic Health Service Space (“EESZT”), as part of

the medical report prepared in connection with the examination, a link providing access to such images. If online access to the images in the EESZT expires, the Client may request that the Service Provider upload the images again. The re-uploaded images may be accessed using the code originally provided. The Service Provider shall only be able to provide electronic medical reports to Clients who have access to the EESZT. The Client shall be responsible for logging into the EESZT, for setting and entering the password required for access, and for any disclosure or provision of access to such password to third parties. The Client shall bear all liability arising therefrom.

12.6. The Client shall have the right to ensure that persons involved in the provision of healthcare disclose information obtained in the course of providing care, in particular the Client's health and personal data, only to persons authorised to receive such information, and that such data are processed in accordance with the applicable laws and regulations. The Client shall be entitled to decide who may be provided with information concerning their state of health and shall have the right to have only those persons present during the provision of care whose participation is necessary, as well as those persons whose presence the Client has consented to, unless otherwise provided by law.

12.7. For the purpose of enforcing their patient rights, the Client shall be entitled to submit a complaint or claim to the Service Provider. In addition to the right to lodge a complaint, the Client shall be entitled to contact a patient rights representative for assistance in enforcing their rights.

### **13. Miscellaneous Provisions**

13.1. With respect to the Client's rights and obligations arising from the Agreement, the transfer of rights and the assignment of claims as provided for in Section 6:202 of Act V of 2013 on the Civil Code (the "Civil Code") shall only be permitted with the Service Provider's express approval.

13.2. If any provision of the Agreement is, in whole or in part, unlawful, invalid or unenforceable, this shall not affect the validity or enforceability of the remaining provisions. To the extent permitted by law and having regard to the purpose of the Agreement, any unlawful, invalid or unenforceable provision shall be interpreted or replaced so as to achieve, as closely as possible, the same economic effect.

13.3. The legal relationship between the Parties arising from the Agreement shall be governed by the provisions of the Civil Code, the Health Act, other applicable laws and regulations, and the relevant professional guidelines. Government Decree No. 45/2014 (II. 26.) on the Detailed Rules Governing Contracts between Consumers and Businesses shall not apply to contracts for the provision of healthcare services.

13.4. The Parties agree that any dispute arising out of or in connection with the Agreement, including any dispute relating to its breach, termination, validity or interpretation, which cannot be resolved amicably, shall be subject exclusively and finally to the jurisdiction of the competent courts of Hungary.

I hereby acknowledge that I have read and understood the General Terms and Conditions applicable to the booked Service (<https://margitmedical.hu/aszf/>), accept them and agree to be

bound by them. The booking of the Service, which also constitutes the Individual Agreement, and these General Terms and Conditions shall together form an integral part of the contractual relationship between the Parties.

These General Terms and Conditions shall enter into force on 1st of September 2026 and shall remain in effect until withdrawn or amended.
